### **Importance of an intact pineal gland and melatonin in cancer prevention**

I have included another scientific study which shows the importance of having an intact pineal gland and adequate levels of pineally derived hormones in order to fight cancer.

[http://www.buergerwelle.de/pdf/importance\\_of\\_pineal\\_gland\\_and\\_melatonin\\_in\\_cancer\\_prevention.doc](http://www.buergerwelle.de/pdf/importance_of_pineal_gland_and_melatonin_in_cancer_prevention.doc)

This article should be usefull to demonstrate, again the link between emf damage and the inability to fight off infections, and the need for supplimentation. Thank you for publishing my other coments.

G. Goldberg, MD
